## Message from The President

Alongside our persistent efforts to strive for a statutory status to regulate advanced nursing practice, we actively support the development of nurses through education and professional recognition. Over the years, over 3,000 nurses have been conferred to Fellows to recognise their outstanding achievements and contributions in specialty nursing. This year's conferment

ceremony was successfully held on 3 December, with 51 new Fellows and 4 Honorary Fellows for year 2020 and 2021 being conferred. The consistent expansion of membership has placed the Hong Kong Academy of Nursing (HKAN) in a stronger position to represent and advance the profession, thus making a greater influence on policy that impacts health and well-being of our community.

In supporting policy development, we had enthusiastically responded to the 2022 Policy Address consultation with suggestions to build a healthy Hong Kong and safeguard the city's harmony and stability. Moreover, we had a meeting with Prof. LO Chung-mau, *Secretary for Health*, Dr. Libby LEE, *Under Secretary for Health*, Ms. Shirley KWAN, *Deputy Secretary for Health* and their team on 13 September to give our views and suggestions on nursing manpower planning and the development of advanced nursing practice and primary healthcare. On 16 September, we had another meeting with Mr. HO Kai-ming, *Under Secretary for Labour and Welfare*, Ms. Linda LAW, *Principal Assistant Secretary for Labour and Welfare (Welfare)* and representatives from the Social Welfare Department to give our comments and advice on nursing manpower issues, care standards for nursing homes and related regulations, and policies on healthy ageing.

Dr. Susanna W.Y. LEE

### **Honorary Project Consultant**

Dr. Esther Y.H. WONG

In the battle against COVID-19, nurses worked day and night saving lives and serving patients. To recognise their significant contributions, we have recently published a book named 《疫境護航》，in which nurses from different specialties and organisations shared their anti-pandemic experiences as well as their tears and passion in striving to provide the best care for clients. I highly recommend to you this book that is truly touching and inspiring!

The year 2022 marks a milestone for HKAN apart from all those we have achieved, there are two important steps forward. First, we have purchased our own office and tendering for renovation is in progress. Besides, to better reflect our mission and scope, HKAN will be renamed as “The Hong Kong Academy of Nursing and Midwifery” (HKANM) and a working group has been formed to deal with the legal procedures involved. Members are welcome to suggest revisions to our Articles of Association which will be updated for the name change.

With Christmas and New Year around the corner, I wish you all joy and good health in this festive season!

Prof. CHAIR Sek Ying  
RN, PhD, FAAN, FHKAN (Cardiac-Medicine)  
President, The Hong Kong Academy of Nursing

# Congratulations to Fellowship Members awarded HKSAR CE's Honour 2022

# Fellowship Conferment Ceremony for 2020 - 2021

Due to prolonged COVID-19 pandemic, Hong Kong Academy of Nursing (HKAN) Fellowship Conferment Ceremony has been repeatedly postponed from 2020 because of the social distancing policy. To cherish this memorable moment, Fellows treasured a physical Conferment Ceremony rather than a virtual one for their tremendous effort to achieve this fellowship. Here came the great day. The physical Ceremony was eventually held on 3 December 2022 at the Hong Kong Metropolitan University. As there was large number of new Fellows awarded in these 3 years, the Ceremony held in 2022 could only accommodate new Fellows of 2020 and 2021. The Ceremony for New Fellows of 2022 would be held next year.

In the ceremony, we were most honored to have Dr. Libby LEE, Under Secretary for Health, HKSAR Government and Dr. LEONG Che Hung, Patron of the HKAN as our Officiating Guests and delivering their congratulatory messages. The Mistress and Master of Ceremony (MC) were Ms Margaret LEE, Fellow of Hong Kong College of Critical Care Nursing and Mr. Gilbert LUI, Fellow of Hong Kong College of Surgical Nursing. We have 4 Honorary Fellows and 51 Fellows from different specialties conferred for 2020 and 2021. Dr. Queenie LAW, representative of conferred Fellows delivered her vote of gratitude. The Ceremony ended by the closing remark of Ms. Kathy CHEUNG, Honorary Secretary of HKAN. Fellows and their families then enjoyed taking photos for this memorable event. We thanked our organizing committee, 2 MCs, volunteers and Ms Helena LI, Operations Manager of HKAN for their hard work to run this event so successfully.

*Prof. CHAIR Sek Ying, President, HKAN delivered her welcome address*

*Dr. Libby LEE, JP, , Under Secretary for Health, HKSAR Govt., delivered her congratulatory message*

*Group photo with Guests of Honors, distinguished guests and HKAN Council Members*

*Dr. LEONG Che Hung, GBM, GBS, OBE, JP , Patron, HKAN, delivered his congratulatory message*

# 10<sup>th</sup> Anniversary of HKAN Publication Together, Nurses Combating COVID-19 《疫境・護航》

總編輯的話  
黃綺馨博士

自疫情爆發至今，站在防疫最前線的護士，面對病人不斷上升，仍本著強大的使命感及永不磨滅的初心，為維護生命而努力，每天於緊張的工作環境下仍然緊守崗位，發揮專業精神，日復日地為病者及其家人提供身、心、社、靈的照護，為抗疫竭盡所能，從不鬆懈。

「疫境・護航」一書，用文字輯錄了一群香港護理專科學院的專科護士在嚴峻的疫情下挺身而出，在醫院、社區隔離或治療設施內，發揮自己的專長，一方面提供高質素的護理，另一方面協助年資較淺的同事，就複雜個案提供諮詢及專科意見，共同應對。雖然，護目鏡下隱藏着滿是倦容，但大家都說能在病人最脆弱或無助時，給予他們適切的關懷及協助，這就是護理工作的真正意義。除此之外，本書亦用生動而細膩的文筆，捕捉每位專科護士的心路歷程、血淚與悲喜，剖析疫情下作為一個前線抗疫護士/管理層及從事教育工作的院士，如何轉換思維、克服心理壓力，從工作中發揚南丁格爾精神，傳揚大愛，找到自我價值。

我希望此書能令不同階層的讀者體會到疫情雖來勢洶洶，我們決不會退縮，與病毒奮力作戰。生命影響生命，但願我們新一代的護士，能透過46篇文章，學習如何在高工作壓力下仍可不斷充電，保存住用之不盡的護理能量！將來，不論遇到什麼挑戰，能獨當一面，發揮護理專業精神，為市民服務。

已經派送/郵寄到各名譽院士、  
院士、院員

**Advanced Practice Nursing  
Shaping the Future of Healthcare  
We Learn. We Innovate. We Advance.**

On 21 - 24 August 2022, Prof. CHAIR Sek Ying, President of the Hong Kong Academy of Nursing (HKAN) attended the 12<sup>th</sup> ICN NP/APN Conference in Dublin, Ireland. This conference offered delegates worldwide an opportunity to meet and exchange ideas and experiences in practice, research, and education. During the conference, Prof. CHAIR shared the development of advanced nursing practice in Hong Kong and explored potential collaboration with international delegates.

Prof. CHAIR delivered two presentations to share new knowledge to inform advanced nursing practice. The first presentation, entitled "The interaction of subglottic drainage, cuff pressure, and oral care on endotracheal tube (ET) fluid leakage: A benchtop study", provided evidence to inform the need of subglottic suctioning and to understand the effect of cuff pressure on ET tube leakage to reduce ventilator-associated pneumonia among mechanically ventilated patients. The second presentation, entitled "The impact of the COVID-19 pandemic on the practice of advanced practice nurses", provided useful information for health-related stakeholders to better understand the challenges faced by advanced practice nurses. Results of this study also informed supportive strategies development to improve practice and mental health of nurses during this prolonged pandemic period.

Apart from delivering presentations, Prof. CHAIR also moderated a session themed "Impact of Advanced Practice Nursing: Evidence", during which conference speakers, ICN members and delegates from all over the world enthusiastically participated in discussions and experience sharing. At the end of the conference, as the Co-Chair of the ICN-APNN Practice Sub-group, Prof. CHAIR attended the face-to-face ICN meeting (for all Sub-groups) in Dublin and reported on group progression as well as forward planning, highlighting work tasks to accomplish and goals to achieve in the coming year.

## 2022年7月20日，護專副院長(內務)馮玉娟教授接受NOW新聞台時事全方位節目網上訪問。

針對第五波新冠疫情後反彈，入院人數增加，醫院容量及醫護人手都出現緊張。馮教授認為新冠疫情屬長久戰，不但醫護人手安排緊張，醫院人員顯得相當疲累。無論是身體、心理、社交、家庭方面壓力都相當大。

要平衡救治新冠患者、長期病患者及重症患者，馮教授指出香港最缺乏基層社區醫療系統。醫院管理局應該改善照顧病人流程及模式，精準地界定需要入院照顧的病人，而社區控制中心或防疫中心可以接收第二層較輕症病人。

反過來就，假如慢性疾病病人得到社區以家庭為中心的照顧，便可以減少入院進行常規檢查或覆診；老人院直接將患者送到防疫隔離中心，即減少使用急症室程序。繼續朝著「醫社合一」的方向，醫院得以保留實力救治及照顧更嚴重病人，相信可以較容易控制疫情。

面對人口老化，馮教授認為將來社區照顧老人是非常重要的。在這方面香港起步已經慢了十年，現行社區醫療服務只佔總開支不足百分之十。為了照顧長者醫療需求及應付突如其來疫症，醫護培訓重點應該放在社區，讓醫護人員明白社區需要累積的經驗是不同的。香港護理專科學院的培訓已作出改動，讓醫護人士習慣面對社區，並非祇將全副精力放在醫院內。

針對前線醫護士氣、工作氣氛、身心健康，馮教授有感醫護流失的原因除了面對疫情嚴峻令身心疲累，亦有由於他們在工作當中得不到成就感及成功感。要提高醫護人員士氣，他們很需要大家正面支持以不斷作出改善，不要把某些不足之處無限放大，事實上他們的投入性已是非常高。

上一期HKAN Newsletter 刊登不久之後，滿以為疫情已經減退，大家一齊走上復常之路之際；可惜是不似預期，我又再次收到通知，第四次進駐亞洲博覽館新冠治療中心，再次穿上保護衣，參與抗疫！

今次可算是快來快去，由被徵召到完成任務，前後歷時一個月左右，同事們再一次展現超強團隊精神，再一次將不可能變成可能。

抗疫彷彿變得恆常之時，同事亦沒有變得麻木，仍然充滿愛心、充滿關懷、充滿正能量去面對一切。

是次抗疫期間，適逢遇上中秋節，為令病人減少被隔離的不安，一眾醫護人員想辦法令病人有共渡佳節的氣氛，特意設計DIY 中秋燈籠時段，讓病人能夠感受到過時過節的氣氛！病人亦都樂在其中，苦中亦帶一點甜！雖然是小小心意，但係仍然突顯出香港的醫護人員，忙碌當中亦仍然奉上關懷與愛心，實在值得讚賞！

除了疫情以外，亦都分享一下將會有新力軍加入HKAN 大家庭！年輕一代正忙於應付Fellowship的考核評估，前線同事工作雖然非常忙碌，但見證年輕一代為考獲院士資格而作出的努力和認真地對待每項評核，絕對值得我們的鼓勵和掌聲。

最後祝願這一批新力軍，順順利利通過所有評核，早日成為香港專科護理學院院士，為香港護理專業發展打拼！
