## Message from President

It is my great honour to be elected as President of HKAN. I am eager to work more closely with all Fellows and Members to achieve our shared mission of promoting advanced nursing practice in Hong Kong to safeguard the public's right in receiving quality health care that they deserve.

With specialisation in nursing as an international trend, fostering advanced practice nurses with enhanced specialty knowledge and competencies is increasingly needed. Our society needs more fully-prepared and qualified advanced practice nurses capable of designing and delivering new models of care to address the increasingly complex health care environment, to support the current health care reform and, most importantly, to maximise client safety and benefits which include increasing their affordability and accessibility to primary care services.

HKAN has been playing a key role in promoting advanced nursing practice and fostering advanced practice nurses since its establishment in 2011, and contributing to the regulatory development that, however, may still be a long way to go. By taking up the presidency, I am committed to leading HKAN to strive for continued excellence based on previous successes. I would like to take this opportunity to express my heartfelt thanks to Dr. Susie LUM and Professor Frances WONG for their visionary leadership and remarkable contributions in the past nine years!

Looking ahead in the coming two years, our work will focus on two main areas. First is promoting the leading role of HKAN in advanced nursing practice in the region through increased publicity in newspaper, radio, TV and internet; and through regular press release to state our stance and views on health related policies. It is also our strategy to extend the functional contributions of our office and to promote membership through a variety of activities.

Another focus is enhancing collaborations with local, national and international organisations of a similar nature and identifying new collaborators with similar missions, so as to extend our network and influence in all aspects in advanced nursing practice. We expect to have closer collaborations with our 14 Colleges in developing educational programmes and increased participations in local and international educational activities.

HKAN represents a big leap forward in the development of nursing specialisation in Hong Kong. To speed up the specialisation process, we count on your efforts and continued support!

CHAIR Sek Ying  
RN, PhD, FAAN, FHKAN (Cardiac-Medicine)  
President, The Hong Kong Academy of Nursing

## Message from Immediate Past President

Dear Fellows,

I write this message as the Immediate Past President with honor and pride. It was a great privilege for me to serve as President of The Hong Kong Academy of Nursing in the last 4 years. I grow personally together with the profession, in developing advanced nursing practice in Hong Kong.

Nursing in Hong Kong has shined across the regions and locally, in spite of the many challenges we have encountered. In reflecting back, a number of milestone events have happened during my term of presidency. Within the Academy, we have established Fellowship certification systems for all Academy Colleges, started a Chapter for the Young Fellows, and conducted many public health education sessions for the community including the annual event of WHO Carnival. Within Hong Kong, we continue to strive for our mission in attaining statutory status for advanced practice nurses. Currently, we have been invited by the Nursing Council to establish the core competencies of 16 specialties in paving the way for voluntary registration of specialty/advanced nurses and eventually for statutory status. Cross-regionally, we have conducted a recognition exercise for Guangzhou nurses for their advanced practice nurses using the HKAN criteria, signed Memorandum of Understanding with the University of Newcastle in Australia and the McMaster University in Canada. In 2016, we have hosted the 9th International Council of Nurses International Nurse Practitioner/Advanced Practice Nursing Network Conference in Hong Kong with tremendous success.

I share these events with you to celebrate and express my deepest gratitude to our team! The HKAN shines because all Academy Colleges and their Fellows have contributed. Without the efforts and dedication of our Founding President, Dr. Susie LUM, the HKAN will not be born. The Academy has developed by leaps and bounds in the last few years, based on the solid foundation built by Dr. LUM, with the great support of the Council. Now I pass on the Academy to our third President, Professor CHAIR Sek Ying, who I am sure will lead HKAN to a higher ground.

May I wish you all wellness, particularly during this challenging period in battling with COVID-19!

Handover of Presidency From Professor Frances WONG to Professor CHAIR Sek Ying

After the AGM, Professor WONG handed over the Presidency to Professor CHAIR. The Council expressed great appreciation for the leadership of Professor WONG in the past 4 years in enhancing the reputation of HKAN and the Academy Colleges locally and globally. We also congratulate Professor CHAIR and give her our strong support. Professor WONG would stay in the Council as Immediate Past President.

## Message from the New Council Member of HKAN 2020

### CHAN Lai Hung Jane was elected as Council Member

It is my great honour to be elected as one of the new council members of the Hong Kong Academy of Nursing (HKAN) in 2020. I have been working in the public health care sector for over 30 years. Joining the HKAN in 2013, as a fellow of the College of Community & Public Health – Primary Health Care, I witness the HKAN striving for excellence in establishing competence and standards of advanced nursing practice. The HKAN has also implemented a system on accreditation of the specialty.

Nursing practice is an essential and indispensable part of the health care system. At every life stage, nurses also play a crucial role to take care of our patients, from pre-natal to palliative care. In the ever-changing health care environment, the HKAN is promoting quality specialized nursing care with the best practice and knowledge which can meet the challenges to safeguard the health of our patients and the community.

The World Health Organization (WHO) has designated 2020 as the “International Year of Nurse and the Midwife”, in honour of the 200th Anniversary of Florence Nightingale’s birth. Her remarkable life and contribution have inspired millions of nurses over the years. It is a good time to re-ignite our passion for nursing and rekindle our hope in the future, despite during the COVID-19 pandemic. We shall overcome and continue to embrace the ethos of nursing and pass it on, from one generation to another.

I am looking forward to working with all of you.

## Message from the New Council Member of HKAN 2020 CHAN Yin Ping Annie was elected as Council Member

I am delighted to have been appointed as council member to the Hong Kong Academy of Nursing.

2020 has been named The International Year of the Nurse and Midwife by the World Health Organization, to celebrate the bicentenary of the birth of Florence Nightingale as well as our nursing professionals who provide essential health services to people everywhere. Health services nowadays is becoming more complex than ever. To address health challenges, there has been growing demand for Advanced Practice Nurses (APN) globally and in Hong Kong. It is important that the profession needs clear guidance and direction in the development of APN. Hong Kong Academy of Nursing has been the leader in the development of the professionalization of nursing and the advanced practice nursing in Hong Kong. There was significant development of specialty nursing led by Hong Kong Academy of Nursing over the past years. In the years to come, I am confident that Hong Kong Academy of Nursing would bring the evolution of APN in HK to a new horizon.

I look forward to meeting and working with all of you.

## 香港護理專科學院支援前線同業抗疫行動

香港護理專科學院(護專)堅守南丁格爾精神,救傷扶危,以病人及社會健康福祉為大前題。作為專業護士,我們有責任確保市民得到應有的護理服務,護專對堅守崗位的同業致以最崇高的敬意。

我們重申政府及有關部門須提供足夠防禦保護物資給前線醫護人員。並同時關顧他們的憂慮,採取果斷及有效方法,堵截所有新型冠状病毒來源,阻止病毒不斷輸入及在社區散播。能夠保護我們的前線員工,就是保障香港市民安全。

香港護理專科學院為支援前線同業抗疫,發動專業力量,有以下行動:

1. 護專廣泛接觸不在職的護士,參與  
(a) 兼職護士(Locum)計劃  
(b) 義務非臨床支援工作,擴充人手,讓臨床護士專注病人服務,護專已聯繫醫管局,快速處理兼職護士聘用程序和義務工作者安排。

2. 護專提供熱線輔導服務,舒緩前線護士壓力。(電話號碼 46110781)

3. 護專設立熱線服務,提供健康教育,輔導市民抗疫。(電話號碼 46110783)

護專堅守南丁格爾精神,再次與全港市民抗疫,並肩作戰。

### Advanced Practice Certification Program for Fellowship Exit Assessment

As it says, “Better Late Than Never”.

With the greatest effort in overcoming all the hurdles, the Advanced Practice Certification Program prepared by the last 2 Academy Colleges were approved. The year 2020 is a significant milestone for the development of HKAN. All 14 Academy Colleges are on the mark to promulgate, promote and invite Registered Nurses who are practicing in Hong Kong to enroll in the respective specialty related Advanced Practice Certification Program.

## Young Fellow Chapter (YFC) Sharing Column

Dear Young Fellows,

Over the past few months, we have experienced unprecedented challenges due to the COVID-19 outbreaks. Even though there are many work being held up or events being postponed, our committee team worked together and joined many preparatory work for different events of HKAN such as the video workgroup for celebration of the “International Year of the Nurse and the Midwife” and the “Youth means limitless possibilities”. I believe our goal will be achieved soon.

The next committee team election will be held at the end of this year. Welcome you all to participate.

By taking this opportunity I would like to express my heartfelt gratitude to all our committee members, the young Fellow Members – Thanks for your dedication and concerted efforts in making all these possible!
