## Message from President

Promoting the leading role of HKAN in advanced nursing practice (ANP) is always my objective. With the tremendous support from our Fellows, 17 articles on ANP have been published under the column of 護專世代 - 健康板 in Hong Kong Economic Journal (信報) since October 2020; 9 Academy Colleges were interviewed by 精靈一點 of RTHK and 9 “專科護理 3分鐘” videos have been posted on YouTube, Facebook and Instagram. Roles of ANP have been well promoted in these media presentations.

To be engaged globally, HKAN made the first attempt in the participation of the ICN-IND 2021 Photo Contest and the ICN-IND 2021 Weekly Case Story. They were excellent learning experiences to get ourselves better equipped for the next contests.

In addition, the 1st International Advanced Practice Nursing Virtual Conference in hybrid mode was successfully held on 22 and 23 May 2021. The response was overwhelming with 1157 attendees. 16 invited overseas and local renowned speakers shared their insights and experiences in advanced nursing practice, explored innovative strategies in shaping and enhancing health, and examined the critical roles of advanced practice nurses and midwives in addressing global health challenges, especially during the COVID-19 pandemic. Post conference feedback from attendees regarded the conference was excellent and fruitful. The overall satisfaction reached 99.25 %. A video produced by Department of Health (DH) at the conference promoting COVID-19 vaccination by nursing profession has been uploaded at DH and HKAN website.

As a commitment to public in delivering quality nursing services, HKAN was invited by the Food and Health Bureau to operate 2 Community Vaccination Centres (CVC) and to take up the unique role in providing on-going primary healthcare training to nurses of the District Health Centres (DHC). To demonstrate our leading role in the citywide vaccination program, HKAN collaborated with Hong Kong Academy of Medicine to offer the mandatory Online Training for COVID-19 Vaccination Program for nurses and doctors.

The HKAN has formed a Task Force for HKSAR Election Campaign in April 2021 and will participate in the process of Legislative Council (LegCo) election. The aim is to identify position of HKAN in the LegCo election, so as to formulate strategies to speed up statutory position for Hong Kong Academy of Nursing through 3 phases of election campaigns.

The pandemic is putting an unprecedented demand on the healthcare system overall and on nurses, in particular. Nurses have always been heroic, but today they are on the front lines of a war on world health. They are addressing the new challenges, working together to help everyone to get through the pandemic. Fellow Nurses, you are making a difference for so many people and their communities at large. Your significant contributions and positive impacts made by nurses, not only to the health care system but also to the health of everyone in Hong Kong and beyond. Now more than ever, you deserve our continued respect and our thanks.

Prof. CHAIR Sek Ying  
President, The Hong Kong Academy of Nursing

# Voluntary Scheme on Advanced and Specialised Nursing Practice

The Food and Health Bureau invited the Nursing Council of Hong Kong (NCHK) to formulate a voluntary scheme on advanced and specialized nursing practice with a view to advance the professional competence of nurses and pave the way for setting up a statutory registration system in the long run. The NCHK recognized it is a global trend to promote advanced and specialised nursing practice and shouldered the responsibility for the professional development of nurses.

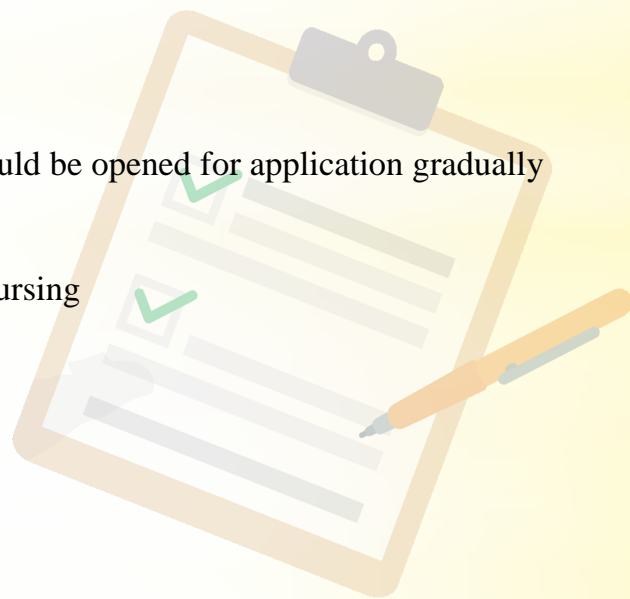

The Hong Kong Academy of Nursing (HKAN) and its Colleges have been invited to set up panels to formulate the relevant core competencies for 16 individual specialty. In May 2021, the core competencies of all specialties had been submitted to NCHK for endorsement.

Until June 2021, the following 8 Specialties were opened for application:

- 1) Gynaecology Nursing (27 Jan 2021)
- 2) Management in Nursing (27 Jan 2021)
- 3) Medical Nursing (22 Mar 2021)
- 4) Oncology Nursing (22 Mar 2021)
- 5) Orthopaedic Nursing (22 Mar 2021)
- 6) Paediatric Nursing (21 Jun 2021)
- 7) Emergency Care Nursing (21 Jun 2021)
- 8) Critical Care Nursing (21 Jun 2021)

The remaining 8 specialties core competencies would be opened for application gradually in coming months:

- 1) Cardiac Nursing
- 2) Community, Primary and Public Health Nursing
- 3) Education and Research in Nursing
- 4) Gerontology Nursing
- 5) Infection Control in Nursing
- 6) Mental Health Nursing
- 7) Perioperative and Anaesthesia Nursing
- 8) Surgical Nursing

The panel members appreciated the leadership of Prof. Frances WONG to this exercise and Prof. WONG expressed her heartfelt thanks to panel members for all the hard work and contributions to such important exercise for nursing in Hong Kong.

# Congratulations to HKAN Honorary Fellows 2021

This year, three Honorary Fellows were selected in recognition of their hard work and abundant contributions to nursing & healthcare profession.

*Dr. Anecita P. FADOL*  
*Associate Professor*  
*University of Texas, MD Anderson Cancer Center*

Dr. FADOL has made significant research and practice contributions in the evolving cardio-oncology specialty for the management of cardiovascular issues in cancer patients and survivors. She developed 7 educational materials for patients and nurses, presented at 47 national and 41 international conferences, conducted clinical research, published 23 manuscripts in peer-reviewed journals, 10 book chapters.

Prof. JESTER has a track record of research and associated publications in clinical research. She has led on a project with Danish colleagues to promote research capacity and capability building with nursing colleagues working in Orthopaedic settings in Denmark, she also led one of the first postgraduate Advanced Nurse Practitioner (ANP) courses in the UK (University of Birmingham) following a sabbatical to the United States to learn about ANP roles and their required academia and clinical practice since 1995.

*Prof. Rebecca JESTER*  
*Professor of Nursing*  
*University of Wolverhampton*

*Ms. WONG Yuet Ngor,*  
*Anne Marie*  
*Honorary Advisor*  
*Hong Kong Society for*  
*Public Health Nursing*

Ms. WONG contributed a lot to the professional development and education of nurses and other healthcare workers. In view of her contribution and capability, she was appointed by NCHK to participate in various committees. She was also nominated for developing a New Syllabus for the transition of hospital-based nursing training to university education. In 2003, Ms. WONG led a special group of nurses to develop a set of Infection Control Guidelines for healthcare professionals in DH in connection to the prevention of the spread of SARS in the community.

# Community Vaccination Centres (CVC) Operated by HKAN

To support the territory-wide COVID-19 Vaccination Programme, the Government set up Community Vaccination Centres from early 2021 to provide vaccines for all Hong Kong residents. With the last success of running the Universal Community Testing Program in Sept 2020, HKAN was invited again by the Department of Health (DH) to operate two CVCs at Tung Chung Community Hall and Hong Kong International Airport.

Prior to the operations, The Hong Kong Academy of Medicine (HKAM) and HKAN co-organized to produce an online training video for the vaccination program members. Continuous Nursing Education (CNE) points would be granted after successfully completed the training. Besides, Department of Pharmacology and Pharmacy, HKU, the Society of Hospital Pharmacists of Hong Kong and HKAN also jointly developed another online training program to support the operational details on reconstitution of Fosun/BioNTech COVID-19 vaccine.

Dress Rehearsals at the two CVCs were conducted on 12 March 2021 with 5 vaccine recipients at HK Airport CVC and 4 at Tung Chung CVC.

16 March 2021 was the open day of the two CVCs. The two centres can administer maximum 1,600 jabs a day. Eligible persons can reserve the time and place of their first and second doses via [the Government's 24-hour online booking system.](#)

# (Community Vaccination Centre ...con'td)

On 20 March 2021, Prof. Sophia CHAN paid a visit to the Tung Chung CVC

## Outreach Services

As invited by DH, HKAN had provided outreach service for Pricewaterhouse Coopers in its Central office on 8 Jun 2021. DH staff did an audit on the site in the afternoon and gave 100 full marks on the entire operations. The team vaccinated more than 370 employees, this was the largest number of people vaccinated in a company in a single day since the outreach service started.

# International Nurses Day 2021

Same as the last year, the COVID-19 has affected the annual signature events of HKAN. Annual Strategic Planning Workshop, Health Carnival and the International Nurses Day (IND) Celebration Dinner were cancelled. The Fellowship Conferment Ceremony has to be postponed until year 2022.

## President Message to Pay Tribute to all Nurses

### Dear Nurses, Salute to you all !!

HKAN in advanced nursing practice (ANP) is always my objective. From our Fellows, 12 articles on ANP have been published under the Hong Kong Economic Journal (HKEJ) since October 2020. 6 reviewed by RTHK and 7 "新聞透視" videos have been published on YouTube and Instagram. Roles of ANP have been well promoted in these.

I made the first attempt in the participation of the ICU-IND 2021 and 2021 Weekly Case Study. They were excellent learning opportunities for the next contents. In addition, the 1st International Nursing Virtual Conference will be held on 22 and 23 May 2021. I have invited overseas renowned speakers to enhance nursing specialty knowledge exchange and experience sharing.

HKAN built on core-competency developments of specialties. The HKAN has recently endorsed 9 specialty core-competencies contributed to the 2021 Nursing Practice Workshops. More will be endorsed in the future.

As a commitment to public in delivering quality nursing services, HKAN was invited by Food and Health Bureau to operate 2 Community Vaccination Centres and to take up the unique role in providing on-going primary healthcare training to nurses of the District Health Centres. To demonstrate our leading role in the citywide vaccination program, HKAN collaborated with Hong Kong Academy of Medicine to offer the mandatory Online Training for COVID-19 Vaccination Program for nurses and doctors.

In the month of May, it is the best time to recognize the significant contributions and positive impacts made by nurses, not only to the health care system but also to the health of everyone in Hong Kong and beyond. The pandemic is putting an unprecedented demand on the healthcare system overall and on nurses, in particular. Nurses have always been heroic, but today they are at the front lines of a war on world health. They are addressing the new challenges, working together to help everyone to get through the pandemic. Fellow Nurses, you are making a difference for so many people and their communities at large. Now more than ever, you deserve our continued respect and our thanks.

Happy International Nurses Day!

Prof. CHAIR Sek Ying  
President, The Hong Kong Academy of Nursing

Although no group gathering activities could be carried out to celebrate on the IND due to COVID-19 pandemic. On 12 May 2021, Prof. CHAIR Sek Ying, President of HKAN delivered a special message to extend her heartfelt thanks and pay tribute to all nurses for their selfless commitment and devotion to fulfill the HKAN initiatives in advancing nursing practices and their significant contributions particularly in the fighting against COVID-19 over the past year. The positive impact of nurses' concerted efforts not only contribute to the health care system but also to the health of everyone in Hong Kong and beyond.

On 11 May 2021, Dr. Susie LUM, Founding President and Prof. Frances WONG, Immediate Past President were interviewed by Radio program "精靈一點" in RTHK. The topic was related to multitask of nurses, their importance, the challenges they face, the art of nursing, their needs in training, the transformation and the development and future prospects of nursing.

On the same day, Dr. LUM awarded Nanyue Nurse Model (南粵護士楷模) in the 3rd Yangcheng Nursing Science and Art Conference (第三屆護理科學藝術羊城大會) for her outstanding contributions in promoting the establishment of nursing specialization in Guangdong.

## Congratulations to HKAN Fellow Awardees on “Outstanding Staff 2021” by Hospital Authority

Two HKAN Fellows were selected as outstanding staff of the Hospital Authority 2021 in view of their outstanding performance and significant contributions to the health care services. They are passionate nurses and have been working in the hospital for more than 20 years

NURSES AND MIDWIVES -  
CATALYST for A Brighter Future in Health

VIRTUAL CONFERENCE 22 - 23 May 2021

Collaborating Organizations:

**The 1<sup>st</sup> International Advanced Practice Nursing Conference (IAPNC) 2021**, organized by The Hong Kong Academy of Nursing (HKAN) was held virtually online in hybrid mode on 22 & 23 May 2021. The Conference was funded by the Professional Services Advancement Support Scheme (PASS) of the Hong Kong SAR Government. Collaborating organizations of the Conference included Department of Health, Hong Kong Hospital Authority, Chinese University of Hong Kong, Hong Kong Polytechnic University, University of Hong Kong, Open University of Hong Kong, Hong Kong Baptist University, Tung Wah College and Caritas Institute of Higher Education.

The theme of the conference was **“Nurses and Midwives – Catalyst for a Brighter Future in Health”** highlighting our mission and commitment to catalyze nursing and health care transformation to achieve a brighter future in health for all.

International and local renowned and leading health care scholars, specialty nursing and midwifery experts were invited as keynote and plenary session speakers to share their nursing excellences in advanced nursing practice as well as to open the ways to support advanced nursing practice through nursing education, health care policies, research and management for developing, enhancing, shaping and advancing health. Another highlight of the conference was to examine the critical roles of advanced practice nurses and midwives in addressing global health challenges especially in the COVID-19 pandemic. Though it was only 2 days conference, it was expected to generate long-lasting impacts on advanced practice nursing and health care to benefit individuals, families and societies.

# 1<sup>st</sup> International Advanced Practice Nursing Conference 2021 – 22 May 2021 (1<sup>st</sup> day)

The free oral paper presentation session was arranged on the 1<sup>st</sup> day of the conference in the AM session. There were 20 selected oral papers and 45 e-posters for presentation. Outstanding oral and poster presentations would be awarded in the closing ceremony on the 2<sup>nd</sup> day.

# 1<sup>st</sup> International Advanced Practice Nursing Conference 2021 (cont'd) – Opening Ceremony

The opening of the Conference was kicked off on 22 May 2021 pm with a video produced by the HKAN. The video introduced the evolution of nursing and midwifery with a focus on the current and future development of advanced nursing practice in Hong Kong. In the past few decades, nursing has been moving fast towards specialization. The establishment of HKAN is a key milestone to promote and set standards for advanced nursing practice.

*Video show in the Opening Ceremony*

*Prof. CHAIR welcomed participants and delivered her opening speech in the Opening Ceremony*

*Prof. Sophia CHAN delivered her congratulatory speech in the Opening Ceremony*

Prof. CHAIR, President of HKAN delivered her opening speech after video show and followed by the congratulatory speech delivered by our Guest of Honor, Prof. Sophia CHAN, Secretary for Food and Health. Prof. CHAN extended her heartfelt congratulations to the HKAN and all collaborating organizations for putting together this meaningful event. She also applauded the concerted efforts of the HKAN and its Colleges and other experts of the profession, for their gracious support to the Nursing Council of Hong Kong in launching the Voluntary Scheme on Advanced and Specialized Nursing Practice. She appealed to all nurses for their active participation in the Scheme.

Ms Susanna LEE, chairman of planning committee of the conference and on behalf of the HKAN, presented souvenirs to representatives of our collaboration organizations to show our sincere thanks for their supports in collaboration.

The HKAN also extended our gratitude to all invited guests including nursing leaders from collaborating organizations, private hospitals, Association of Hong Kong Nursing Staff and Nursing Council of Hong Kong for their honorable presences and great support to this conference.

# 1<sup>st</sup> International Advanced Practice Nursing Conference 2021– 22<sup>nd</sup> May 2021 (1<sup>st</sup> day)

The 1<sup>st</sup> day program included 2 keynotes and 1 plenary session, followed by the panel discussion. Mr. David STEWART, keynote speaker from International Council of Nurses (ICN) shared with us the benefit to health care delivery through advanced nurse practitioners being given prescriptive right. However, varying global regulation, role confusion and lack of public awareness might hinder the development of this role. Dr. Melanie ROGERS believed ICN guidelines and clear policies could help to promote Advanced Nursing Practice worldwide. In the plenary session, Prof. WU Xinjuan, President of Chinese Nursing Association, Prof. CHAIR Sek Ying, President of HKAN and Ms Cecilia CHAN, Director of Nursing from Macao SAR, shared their experiences and insights on the development and transformation of advanced practice nursing. In the panel discussion, speakers highlighted how advanced nursing practice could lead to better health outcomes. Prof. Agnes TIWARI, chairman of Nursing Council of Hong Kong also shared the recent update on the implementation of the Voluntary Registration Scheme of Advanced and Specialized Practice in Hong Kong.

The 2<sup>nd</sup> day of the Conference included 5 keynotes and 1 plenary session, followed by a round table discussion. Presidents of different academy colleges took up the moderator roles introducing their speakers and chairing the Q&A sessions. Prof. Jack NEEDLEMAN and Dr. Lynda TYER-VIOLA highlighted the lessons learned in COVID-19 due to great demands and changes to health care delivery system. Prof. David HUI gave an overview of COVID-19 in Hong Kong. The plenary speakers, Ms Mary FOONG and Mr. Lawrence POON from HKSAR, Prof. Shouzhen CHENG from Mainland China, Ms Weng-Sun WU from Macao, and Prof. Wen-Yu HU from Taiwan China and Dr. Alessandro STIVANO from Italy shared their experiences in combating COVID-19. All agreed that nurses were the major workforce in health care and played crucial role in coping the unprecedented COVID-19 challenges. In the round table discussion, speakers identified innovative strategies to better cope with global health challenges in the future. After the round table discussion, the keynotes from Prof. Rebecca JESTER on research and Dr. Christine PATCH on Genomic nursing were also very informative and enlightening.

# Education Committee & Accreditation Committee

## “New Pathway for Achieving HKAN Fellowship”

With the New Pathway effective from May 2021, the Academy would build up a stronger specialized nursing workforce for providing quality advanced nursing care to local populations that we serve.

The Manual for Program Planning and Examination was revised according to the new pathway and uploaded to HKAN website. Academy Colleges were also submitted their updated College Accreditation Handbooks and Program Handbooks. An jointly vetting exercise with Education Committee and Accreditation Committee was conducted on 17 April 2021 (Sat).

We would like to express our sincere gratitude to the help from particular Hospitals and Nursing Schools to put up the poster for their nurses attention about the new Pathway.

## “Validity of Colleges and Programs”

All colleges have completed the membership program re-accreditation exercise with college validity and program validity aligned in the same year.

# Admission Interview

Since the implementation of the new pathway, several Academy colleges have conducted their admission interviews or have scheduled their admission interviews

HK College of Cardiac Nursing
HK College of Community & Public Health
HK College of Critical Care Nursing
HK College of Education & Research in Nursing
HK College of Emergency Nursing
HK College of Medical Nursing
HK College of Nursing & Health Care Management
HK College of Orthopaedic Nursing
HK College of Surgical Nursing
HK College of Paediatric Nursing

## The 1<sup>st</sup> Admission Interview Sharing by Ms. Maggie Chan, President of Hong Kong College of Medical Nursing

The Hong Kong College of Medical Nursing (HKCMN) has successfully conducted its first on line Admission Interview under the new Pathway to Membership and Fellowship in Specialty Nursing in mid April 2021. There were 15 candidates from various subspecialties of Medical Nursing applied for the Interview. Three evening sessions were conducted. Panel members comprised 4 College's members and 3 council members from Hong Kong Academy of Nursing (HKAN). The overall performance of the candidates was outstanding. The Panels were impressed by the passion and eagerness of the candidates in pursuing excellence in advanced nursing practice. The candidates demonstrated high regard towards obtaining fellowship of HKAN. Where comparing the Voluntary Recognition Scheme under Nursing Council Hong Kong (NCHK) with the Fellowship Program of HKAN, they considered the Voluntary Scheme was just the beginner level of professional advancement while Fellowship was their ultimate goal. A nurse shared with the panels the reason for her application. She wanted to be a role model for her son who was also a Registered Nurse. The good motive was highly appreciated.

## “On-line Learning”

To align with the international trend and address the COVID-19 pandemic, launching of online learning mode has been expedited, with outcome measures for self-learning in this virtual environment incorporated. As at 31 May 2021, six journal articles had been uploaded to the HKAN Website for nurses’ access to earn CNE points.

The On-line Learning Platform was under development for providing and facilitating the Academy of CNE activities for members achieving CNE points.

## “Co-organized Activities with Medical/Nursing Institutes”

The Academy had co-organized activities during the first half of Year 2021:

- 1) “The Way Forward for District Health Centre future Development – Seminar cum Forum” with Kwai Tsing District Health Centre, 30 January 2021.
- 2) “Online Training for COVID-19 Vaccination Programme” with Hong Kong Academy of Medicine, February & March 2021.
- 3) “15<sup>th</sup> International Virtual Symposium on Healthy Aging” with the Research Centre of Heart, Brain, Hormone and Healthy Aging, Li Ka Shing Faculty of Medicine, The University of Hong Kong, 13 & 14 March 2021.
- 4) “Worldwide Experience Sharing on Mental Health Nursing Practice in COVID-19 - Webinar” with Hong Kong College of Mental Health Nursing, 30 April 2021.
- 5) “新冠疫苗及疫苗氣泡座談會” with The Association of Hong Kong Professionals, 3 June 2021.

## “Online Course”

The 2-session on-line course “Transforming the Fear of Death and Pain of Grief with Near-Death Experience Research Finding (用死後生命研究結果·轉化死亡恐懼及喪親哀傷)” was conducted on 10 & 11 April 2021 by Ms. Lucy CHUNG, one of the pioneers in Hospice Care in Hong Kong, and has worked in hospice care for the dying and the bereaved for many years.

In this course, the speaker had shared many cases of near-death experiences and evidence-based research results to help participants overcome the fear of death, and to gain awareness that death and bereavement experiences must be encountered in their courses of lives. Many participants found the course informative and inspiring.

### 用死後生命研究結果 轉化死亡恐懼及喪親哀傷

網上課程

2021年4月10日及11日(星期六及日) 下午4時至7時(共6小時)

#### 課程導言

在過去數十年死後經驗的大學研究揭示了人在死後以自由的形態繼續存在。帶來“死並非生命終結”的證據及希望。這些研究的發現近年被應用於善終服務及哀傷輔導。大大減輕了病人對死亡的恐懼及喪親的哀傷。亦有效幫助健康的人及長者探索生命及預備面對死亡。

在此課程中，藉近分善終經驗的大學個案，以實証為本的研究標準及案例，幫助參加者轉化對死亡的恐懼。協助面對生命中必經的死亡及喪親經歷；並應用有關實証，幫助病人面對死亡、舒緩喪親的哀傷的準備。在實際中有所裨益。

#### 課程目標

1. 幫助人了解近臨終者研究後經驗所展現的死亡生命。
2. 幫助參加者轉化自己對死亡及喪親的恐懼及哀傷。
3. 幫助參加者分享死後經驗的實証以協助舒緩病人面對死亡及喪親哀傷。
4. 幫助參加者作生命教育，助人建立正向的死亡觀。

#### 內容

1. 不同死後對人的意義；
2. 死後經驗研究的歷史發展及個案分享；
  - 出陽壽序
  - 平陽、立臥、變身啟示
  - 靈光乍現
  - 與逝者短暫的親友
  - 身處異地
  - 人生回顧
  - 向逝者的死後拜祭
  - 不安的死後經驗
  - 證實死後經驗對人生目的及死亡觀的啟示。
3. 死後經驗研究如何幫助人預備面對死亡的恐懼及喪親哀傷。

#### 曾參加者的經驗

“死後經驗並非死後生命。臨終前，我見證到我所希望和所希望的自願的引渡。經歷有身體和心性的轉離。讓我對生命的對死後學更深刻、更具體、更有把握。相信自已可以漸漸失去親朋的過或悲傷感。”

“死後經驗分享減輕了對死亡的恐懼，死亡沒有那麼可怕，可以接受它臨時的到來，轉化了喪親的悲傷和痛苦。”

“死後經驗的實証研究結果，很有意義，讓我對死亡及永生變有新的啟發，更相信死後不是虛無，不是心靈，得到親朋的哀悼，對死者生命有啟示。”

“死後經驗的分享令我從他人那裡了解到死後無所畏懼的恐懼，這對我，這可能去目的個人建立心靈的聯繫。令我感到安慰，死後經驗的獲得是在生前學習學習，不用跳躍。”

#### 導師

鍾潤平女士 Lucy Chung 曾獲香港善終的師承者之一。從事善終服務多年，曾任自善終學會中心副總監；擁有英國皇家護理師資格(1級)及香港護理師執業執事學位。並曾任安老院院長、醫院的及病人倫理委員會委員。Lucy 具有多年經驗，關懷病者、哀傷輔導、臨終護理及善終服務培訓經驗。曾參與多個的善終人員及服務機構的善終病人關懷、哀傷輔導、臨終關懷及哀傷死亡等訓練；或正從事編寫及更新指南。並作死後經驗研究轉化哀傷的工作及諮詢等。

## Awards

I started overseas clinical exposure since I was undergraduate in PolyU. My worldview further enlightened by emergency medicine professors in CUHK.

With A&E Training Centre support, we brought Advanced Stroke Life Support (ASLS) Course from University of Miami in 2009. This course sustainably developed over 10 years.

By multidisciplinary stroke care concept, I further adopted Nurse-Led Structured Swallowing Screening (SSS) in Critical care setting in 2012. This Evidence-based and Patient-centered project was affirmed by IANS and awarded Board of Study Award in 2013.

In recent years, I focused on developing ECMO services, nursing informatics, organized various training courses. My achievements was recognized by Hospital Authority awarding me “Young Achiever Award 2021”.
