Message from President

Dear Fellows,

May I take this opportunity to wish all our Fellows, friends and your families a very Happy and Successful Year ahead, with fresh HOPES, fresh PLANS, fresh EFFORTS, fresh COMMITMENT, fresh SUCCESS and welcome 2016 with a fresh ATTITUDE. I am proud of how far our Academy of Nursing has come, however, I believe our journey has only just begun. There are both exciting and challenging times ahead, but with our enduring passion for the profession and some fresh ideas, I believe we can be successful in fostering greater health outcomes for everybody.

For the past months, we are thankful to all the Academy Colleges together with our Education and Accreditation Committees for establishing a solid foundation for future development. This includes a clear education and examination system for advanced practice, these guidelines and manuals are posted on our website. With our concerted efforts to strengthen our international relationship and professional image, we are also delighted to announce that the National Health and Family Planning Commission of the PRC, under the Bureau of Medical Administration in December 22 appointed the 1st Group of Nursing Expert Committee with Professor LI Xiuhoa as the Chair. We are honored that out of 30 members, Hong Kong nurses are represented by Dr Alice Tso and myself. We hope that Hong Kong will play an important role to contribute to the advancement of nursing in our country. Again with your passion and support, we also congratulate the team led by Dr. Esther Wong whose passion for community outreach won the Community Involvement Broadcasting Service, Season Twelve of RTHK which will be broadcasted in mid April, 2016.

Our dream is to build a strong and sensitive team of advanced practice nursing professional not only to strengthen our professional practice but also to reach out to our community and to participate actively in health education, preventative medicine and chronic diseases management. In this context, we are organizing a strategic planning workshop on 16 January with key members of the Academy and Academy Colleges. I invite all of you to share your aspirations and ideas of the future of our Academy and our profession by writing to us. We treasure your contributions to the strategic plan of the Academy. At this point, I invite you all to join me in welcoming and congratulating our President Elect, Professor Frances Wong. I trust we all will continue to give her and the Academy our strong support. With deep appreciation, let us join hands to thank Ms Gloria Luk, who kindly agreed to be the Hon. Executive Consultant to continue to serve in Academy family. I believe that genuine success comes only when we are ready and responsive to the needs of our community. I am confident that along with all the new hopes and promises that the New Year would bring, I also hope it also brings us a lot more opportunities to connect, work and grow together.

Finally, I wish that the year 2016 will greet you all with days as fragrant as roses, as colorful as rainbow, as bright as sunshine and as happy and cheerful as a lark.

Dr. Susie LUM

Congratulations!

- Prof. Frances Hughes (our Honorary Fellow) is appointed CEO of ICN as of Feb 2016. This is an important appointment and we are very proud of her.
- Dr. Alice Tso is appointed Core Member of ICN APN Net.
- Dr Susie Lum and Dr Alice Tso are appointed Nursing Expert Group member of the National Health and Family Planning Commission of the PRC, Under the Bureau of Medical Administration.

Message from President-elect Prof. Frances K.Y. WONG

TITLE: Succeeding and passing on

Dear Fellows,

It is my pleasure to address you in this issue of the HKAN Newsletter in my new role as the President-elect. I take up the role with honor and an acute sense of the need to succeed and pass on. As I ponder on the aspect of succeeding, I salute my predecessors who have done wonderful work for nursing, particularly in championing advanced practice.

Hong Kong is a small place. Small is beautiful and theoretically the baggage should be light and we can move things fast if we want. As far as advanced nursing practice (ANP) is concerned, we are on par with the international development including the introduction of nurse specialists in 1993, clinical-focused master degree programs in 1997 and nurse clinics in 2000. In the last two decades, nursing develops rapidly, not only within Hong Kong but around the region. Singapore, for instance, starts discussing ANP at about the same time as Hong Kong but now Singapore has a well established system in educating and regulating advanced practicing nurses. In Mainland China, the concept of APN was made known to the nurses in mid 2000s. Currently there is a central directive to develop nurses in specialty areas and a number of initiatives are underway to certify specialty training sites, enhance ANP education and promote independent nursing services such as nurse clinics. The development of ANP in the neighborhood places makes us reflect on the situation of Hong Kong that has once been a model of learning of our counterparts.

The Hong Kong Academy of Nursing bears the mission to strive for regulating ANP through statutory measure. In the process of seeking statutory status, education supported by accredited providers and certification of competent practitioners endorsed with examination are enhanced. Fellows, let us join hands to achieve excellence in nursing, making each of us being proud to be a nurse in helping people attain optimal health!

Prof. Frances K.Y. Wong

4th Annual General Meeting Professional Seminar Fellows Recognition Award Ceremony Annual Dinner 2015

EGM and AGM was held on 8 August 2015 (Sat) 5:00 p.m. in the Jade Ballroom, Eaton Hotel, Kowloon

8 August 2015 was an important day in 2015 for the Academy. There was a series of events on 8 August laying the milestone.

Academy removing the word “Provisional” in the name
An Extraordinary General Meeting was held to pass a special resolution to change the name of the Academy to “The Hong Kong Academy of Nursing”. The Academy will continue to pursue the statutory status in recognition of Advanced Practicing Nurse and work for the development of our profession and the good health of our community.

Accreditation Committee

Report from Accreditation Committee

Re-accreditation of colleges in 2016 is planned. 8 Colleges are due for Re-accreditation. The 2nd notification to invite application for re-accreditation in 2016 was sent on 2 Oct 2015 to Colleges Presidents. Vetting will be conducted on 30 January 2016. The other 6 Colleges re required to submit annual reports as stipulated in the Accreditation Manual.

Promotion and Public Relations Committee

Follow-up for Fellow-networking (3F) Work Group applied for the Pilot Project of the Community Involvement Broadcasting Service (CIBS) in July 2015 with a view to promote specialization of nurses through a program called Journal for Healthy Elders. (健康老友記雜誌)

CIBS core members attended the selection interview at RTHK on 26/9/2015

Program will be on air in Mid - April 2016 for 13 consecutive weeks in Channel 31. STAY TUNE!

1st recording on 20th December 2015. Host, guests and actors.

Education Committee

Congratulations to the Hong Kong College of Medical Nursing and Hong Kong College of Pediatric Nursing who have satisfied the Assessment Team (AT) of the Education Committee (EduC) in their standards and mechanism in certifying their Members/Fellows in the respective specialties. The period of validity of the assessment is 2 years. The AT composes of the Chairperson and a Committee Member of the EduC, a College President and two external experts in the related specialty field. The document of guidelines for program planning and examination is accessible at <http://www.hkan.hk/main/en/publications/guidelines-for-program-planning-and-examination> .

Assessment Team for the Hong Kong College of Medical Nursing

On 5 Sept 2015, the Education Committee Assessment Team conducted the assessment visit with the Hong Kong College of Paediatric Nursing.

Assessment Team Members

Professor Frances WONG, Chair, Education Committee, Hong Kong Academy of Nursing (HKAN)

Ms Susan LAW, Member of Education Committee, HKAN, President, Hong Kong College of Surgical Nursing (HKCSN)

Ms Helena LI, President, Hong Kong College of Medical Nursing (HKCMN)

Dr Chok-wan CHAN, Past President of International Pediatric Association, WHO Advisor for Child and Adolescent Health

Ms Adela LAI, Former Chairman of Nursing Council of Hong Kong

Professional Development Committee

MCQ Workshop on 29 August 2015 ‘What are the attributes of a good test?’

There were 54 participants from Academy Colleges attending the workshop. Most of us were very satisfied with the speaker's expert presentation. We talked about the big picture of the attributes of a good test and gained better understanding on different measures on enhancing test quality.

Talk by Dr. York CHOW

“Building Academy Image: Public Speaking and Media Relationship” on 7 December 2015

There were more than 120 applications from Academy Colleges and Nursing Colleagues. All participants were excited and actively participated especially during Q&A session. We also got to know more about strategies and principles for engaging media. Most importantly better prepared for planning advocacy for HKAN.

Registration & Membership Committee

New Chair Mr. Alick Chiu and welcome to the members

HKAN is going to announce the call for application of ordinary members and new fellow members in 2016 soon. Interested nurses could approach the respective academy college to inquire about the qualification required and the selection criteria.

Membership Card

HKAN is going to issue a membership card to all active fellows. The card will be renewed every year from this year onward. It has a printed QR code that offer convenience for access to the HKAN webpage when using smart phone. In the future, the card will be used for automated recording of CNE activities and personal profile.
